

# Guidelines for One with One Bible Study

## Using the Discipleship Lesson Materials

1. Pray continuously for God to bless YOUR study. (James 1:5)
2. Always be fully prepared in ALL areas of study. (Proverbs 14:23; 1 Timothy 4:16)
  - \*Lesson to be discussed
  - \*Daily reading
  - \*Prayer
  - \*Quiet Time
  - \*Memory Work
3. Invest time getting to know your study partner. (Disciples teach people, not lessons.)
4. Take good care of your information, notes, and lessons. (They should be clean and organized.) Encourage your partner to do the same.
5. Keep a log for each of your study partners. (Include information that has been covered, record of assignments given and completed, record of memory work, and the date, time and place of each meeting.)
6. Supply study partner with one lesson and one memory verse assignment each week.
7. Designate a minimum of 90 minutes for your one with one study time each week. Meeting every week is **vital** to the effectiveness of this ministry. Weekly meetings are not optional. (Galatians 6:9)
8. Make your goal: REPRODUCTION. *Be a disciple; make a disciple.* (2 Timothy 2:2)
9. Remember, we are not just learning about Jesus; we are striving to become more like Jesus. (James 1:22, Luke 6:46, 9:23)
